

LEVEL 01 MEMBERSHIP

# Welcome to Global Entry.

For a company entering the network. Here is what your membership includes and how to make it work from the first week.

| *Up to 2* | *1* | *2* | *Not included* |
|---|---|---|---|
| TEAM MEMBERS | COMPANY PROFILES | REQUESTS A MONTH | ASSISTED BRIEFS AT A TIME |

**All 47 programmes included.** Every level opens the full SPG catalogue, across all six divisions.

## A focused way into the network.

For a business that knows its capabilities and needs an organised route to relevant relationships. Two colleagues manage one company profile and bring two specific requests each month for specialist review.

### Make it work for you

Complete the company profile, agree one clear commercial objective and keep your open requests current. A focused brief gives the reviewer a useful starting point.

### When to move up

Move to Growth when two requests a month are no longer enough, or you want SPG to run an assisted brief for you.
